WELCOME TO THE REVOLUTION IN PSYCHOLOGY

WHO WE ARE ?

3G School of Psychology is an initiative of

3G Institute of Research and Policy Studies (3G IRPS).

The mission of 3G SOP (3G School Of Psychology) is to create

**India's largest Psychology Integrated
Artificial Intelligence (AI) Platform.**

WHY WE DO ?

How essential is psychology in the AI-dominated future? To give you a glimpse, it's better we rename it 'psAlchology'. When AI disrupts and replaces humans in the workplace, anxiety and stress are bound to soar sky-high. When AI is deployed to keep people averse from their physical world by gluing them onto their screens, human-based connection and counseling would be a saviour. The future is all about uncertainty and change. It is bound to make us feel lonely, miserable and vulnerable. As AI rises, so does our looming need for psychology.

**DR.SAHID CHOLAYIL
CHAIRMAN ,3GIRPS**
